Dear Christopher,

I just wanted to thank you and your Security team for looking so well after our Prime Minister and his delegation during his stay at the Hilton Brussels for the 16 & 17 October EU Summit.

As you know, I have a busy and difficult job looking after our Ministers and delegations when they are in Brussels and quite often have to call on you and your services at very short notice. Regardless of constraints placed on you; you always manage to come up with Security solutions and recommendations.

I would like to personally thank you and your team for the sterling effort and professionalism over the last 8 years we have been working together and hope this will continue in the future.

Your sincerely  

Steve Grant, MBE  
Conference Officer and EU Summits Co-Ordinator

PS See you in December!
